Hi Karie,

Just a quick note to touch base with you on the forthcoming reference to the firm in my Forbes column. Again, I'm asking you to verify the accuracy and give context to the contracts, i.e. were these contracts subject to a procurement process?

For example, state campaign disclosures show that firms themselves, or their affiliated partners, principals, and employees at...

- **Markowitz** Herbold PC - gave \$25,084 in campaign donations to the governor and AG since 2012. Separately, the firm received state disclosed contracts of \$41.851 million since 2006 and \$15.6 million (FY2011-2015).

Many thanks. I am running up against deadline as you are well aware of via yesterday's correspondence.

FINAL ATTEMPT

Hi Paula and Heather,

Here's the final line where your firm is mentioned in my Forbes piece. Please let me know if there are any changes. Your help would be appreciated.

Ball Janik LLP held state contracts worth \$1.113 million over their lifetime - which were either initiated, modified, or amended during 2011-2015.

I believe this accurately and completely describes your firm's contracts with the State of Oregon.
