Adam,

Below can be attributed to me. Thanks.

Alex

“Homelessness is the humanitarian crisis of our time, and confronting it has always been one of Mayor Garcetti’s top priorities. While we work to keep streets and sidewalks clean and safe for everyone, our focus must remain on efforts to build housing and bring our homeless neighbors indoors for good. Los Angeles has housed tens of thousands of unsheltered Angelenos since the Mayor took office, and since the onset of the COVID-19 crisis, we have brought an unprecedented 6,000 people indoors in just a few months. The Mayor is committed to continuing this work, and we won’t stop until every Angeleno is housed.”
