PROLOGUE

There’s power in transparency. Our founders wrote transparency into the U.S. Constitution, Article I, Section 9 states: “... a regular Statement and Account of the Receipts and Expenditures of all public Money shall be published from time to time.”

Yet, Congress is spending money we do not have on things we do not need. Politicians say they love their country, but their irresponsible spending is stealing the future from our children and grandchildren.

It’s time for a transparency revolution. You can’t make America great again, unless you hold America accountable again. More transparency means more accountability.

Our team at OpenTheBooks.com developed a Congressional Transparency Scorecard, assigning a grade for each member of the U.S. House of Representatives based on voting records and legislation sponsorship. We awarded passing grades to members who help open the books and keep government transparent. Unfortunately, 205 representatives received a “D” or an “F.”

As it stands today, taxpayers are prohibited from seeing some of the country’s largest financial liabilities:

1. **\$1.1 billion in performance bonuses for bureaucrats:** The federal government awarded 1 million performance bonuses last year, totaling \$1.1 billion in taxpayer cost. All details surrounding these performances bonuses are withheld from public disclosure.
2. **\$20 billion in hidden federal payroll:** 255,000 federal employee salaries totaling \$20 billion in payroll disappeared from fiscal year 2017 disclosures.
3. **\$125 billion in undisclosed federal retirement pension payouts:** Currently, citizens have no right to see how much their retired representatives, and other federal employees, are receiving in retirement payments, even though taxpayers are footing the bill.

Bringing transparency to these areas will require an act of Congress – and it’s time for action.

We asked members of Congress to sign a simple transparency pledge. The pledge asks each member to abide by the transparency clause of the Constitution. It’s imperative that all elected members of Congress pledge to support transparency.

A transparent government is crucial to preserving our country as the founders envisioned it.

Informed citizens must hold their elected officials accountable on transparency.

Ask your representative:

Are you posting your own office allotment on your congressional website? Are you returning used funds to the treasury each year?

Did you sign the pledge to abide by the transparency clause found in Article I, Section 9 of the U.S. Constitution? How are you supporting pro-transparency legislation?

What concrete actions have you taken to eliminate waste, fraud, corruption, and taxpayer abuse?

Who We Are

American Transparency (website: OpenTheBooks.com) is a public charity. We do not accept government money. Our oversight reports present hard data so citizens, media, think tanks, politicians, and watchdogs can “follow the money.” Our goal is to enhance public discourse with delineated facts.

SCOPE AND METHODOLOGY

Our OpenTheBooks Transparency Scorecard utilized the United States House of Representatives voting records from the 115th (2017-2018) congressional session. This investigation assigned percentage and letter grades to all 435 members of the U.S. House of Representatives (excluding vacant seats or representatives who entered office mid-term) based on 14 bills.

Our organization identified 14 transparency-related bills that reached the floor of the U.S. House of Representatives. We determined a fair grading scale based on voting records, and sponsorship/co-sponsorship of transparency legislation. We assigned more weight to two bills that our team helped draft (H.R. 5290 and H.R. 3200).

Our team utilized voting records and compiled a database to determine each representative's score. For voting "yes" on a pro-transparency bill, a representative received 6 points. For voting "yes" on an anti-transparency bill, a representative lost 6 points. Additionally, we awarded points to representatives who sponsored or cosponsored pro-transparency legislation.

Transparency Scorecard Sponsorship Scoring System:

Co-sponsor pro-transparency legislation: 1 point

Sponsor pro-transparency legislation: 2 points

Co-sponsor OpenTheBooks pro-transparency legislation (H.R. 5290; H.R. 3200): 8 points

Sponsor OpenTheBooks pro-transparency legislation (H.R. 5290; H.R. 3200): 10 points

Our team sent four emails over four weeks to each representative's office explaining their current score and the steps they could take to improve their score (1. Sign our transparency pledge; 2. Co-sponsor H.R. 5290 or H.R. 3200). Additionally, our team called each representative's office to explain these steps.

BILLS CONSIDERED FOR GRADING

PRO-TRANSPARENCY BILLS

H.R. 3: Spending Cuts to Expired and Unnecessary Programs Act

The Spending Cuts to Expired and Unnecessary Programs Act (H.R. 3) rescinds upwards of \$15 billion from previously appropriated funds from programs such as agriculture, health and human services, transportation, the Treasury Department, and more. H.R. 3 was passed by the House of Representatives on June 9, 2018. H.R. 3 is awaiting consideration in the Senate.

H.R. 2152: Citizens Right to Know Act of 2018

The Citizens Right to Know Act of 2018 (H.R. 2152) requires a state and local government that receives federal funds via grants from the Department of Justice to submit a report to the Attorney General. State and local governments that do not act in accordance with these requirements will receive no future funding. H.R. 2152 was passed by the House of Representatives on May 9, 2018, and is awaiting consideration in the Senate.

H.R. 732: Stop Settlement Slush Funds Act of 2017

The Stop Settlement Slush Funds Act prohibits government officials from signing a legal settlement on behalf of the U.S. that provides compensation for any entity other than the U.S. If this is violated by a government official, they may be removed from office and face other charges. At the end of each fiscal year, the head of each federal agency must submit a report to the Congressional Budget Office detailing settlement agreements and total funds used. H.R. 732 passed in the House of Representatives on October 24, 2017, and is awaiting approval from the Senate.

H.R. 2331: Connected Government Act

The Connected Government Act requires any federal agencies that creates or updates an existing website ensure it to be user and mobile friendly. Additionally, the Office of Management and Budget must report on agency compliance. H.R. 2331 was signed into law on January 10, 2018.

H.R. 3243: FITARA Enhancement Act of 2017

The FITARA Enhancement Act aims to reinstate three provisions to the Federal Information Technology Acquisition Reform Act (FITARA) that were set to expire. 1. Agencies must provide detailed information on IT investments; 2. Agencies must review IT portfolios annually to eliminate waste; 3. Agencies must provide a data center inventory, data center closures, and costs to the OMB. H.R. 3243 became law on November 21, 2017.

H.R. 50: Unfunded Mandates Information and Transparency Act of 2017

The Unfunded Mandates Information and Transparency Act would require the government to report indirect costs in unfunded mandates. H.R. 50 passed in the House of Representatives on July 13, 2018, and is awaiting approval in the Senate.

H.R. 1009: OIRA Insight, Reform and Accountability Act

The OIRA Insight, Reform and Accountability Act creates a “regulatory working group” within the Office of Information and Regulatory Affairs to work with all federal agencies on “significant regulatory actions.” Under H.R. 1009, all federal agencies are “required to submit an annual summary of the legal basis, needs, alternatives, and schedule for each significant regulatory action they expect to issue.” The purpose of submitting an annual report is to facilitate coordination among federal agencies, state and local governments, and tribal governments in order to prevent duplications or conflicting regulatory actions. After agencies have submitted reports, the OIRA then is required to compose and release a “unified agenda.” Agencies must post on their website: a list of regulatory actions, their status, and link to the unified agenda and a link to each record disclosed by the OIRA about the review process. H.R. 1009 was passed by the House of Representatives on March 1, 2017, and is awaiting consideration in the Senate.

H.R. 5444: Taxpayer First Act

The Taxpayer First Act restructures the Internal Revenue Service (IRS) to create the Independent Office of Appeals – and office that settles taxpayer disputes administratively. The bill includes provisions that would increase indemnity theft protection and customer service relations. This bill eliminates the IRS Oversight Board but advocates for more robust protections from the IRS. H.R. 5444 was passed by the House of Representatives on April 13, 2018, and is awaiting approval in the Senate.

H.R. 5445: 21st Century IRS Act

The 21st Century IRS Act amends the Internal Revenue Code to establish requirements for the Internal Revenue Service (IRS) regarding cybersecurity, the protection of taxpayer identities, information technology, and electronic systems. H.R. 5445 was passed by the House of Representatives on April 13, 2018, and is awaiting consideration in the Senate.

H.R. 998: SCRUB Act

The SCRUB Act stands for The Searching for and Cutting Regulations that are Unnecessarily Burdensome Act. This bill creates the Retrospective Regulatory Review Commission to conduct a review of the Code of Federal Regulations to identify rules that should be repealed to lower the costs of regulation. H.R. 998 was passed by the House of Representatives on March 1, 2017, and is awaiting confirmation in the Senate.

H.R. 3200: Taxpayer-Funded Pension Disclosure Act

The Tax Payer-Funded Pension Disclosure Act requires disclosure of pension records under the Freedom of Information Act. The bill identifies “pension records” as any information concerning the annuitant who receives annuity. This information includes: full name, date of hiring, amount of monthly annuity, total wages, total service credits, retirement date, and more. H.R. 3200 was introduced on July 12, 2017, and referred to the House Committee on Oversight and Government Reform.

H.R. 5290: Federal Employee Bonus Disclosure Act

The Federal Employee Bonus Disclosure Act requires the head of each agency to submit a report on all bonuses awarded over the last fiscal year to the Office of Personnel Management. If the bonus exceeds \$10,000, the agency must include a detailed description of that bonus. H.R. 5290 was introduced on March 14, 2018, and referred to the House Committee on Oversight and Government Reform.

ANTI-TRANSPARENCY BILLS

H.R. 1625: Consolidated Appropriations Act, 2018

The Consolidated Appropriations Act, 2018 is an 878-page bill, funding a number of federal appropriations. According to the bill’s official summary, its purpose is to combat human trafficking. However, the bill contains hundreds of pages that outline this year’s budget. H.R. 1625 was passed on the eve of a government shutdown (February 28, 2018) after several previous continuing resolutions had failed in the passage of a complete budget.

H.R. 2: Agriculture Improvement Act of 2018

The Agriculture Improvement Act renews programs administered by the Department of Agriculture through fiscal year 2023. The bill provides funding for commodities, research, and crop insurance. The bill will spend an estimated \$110 billion. The House of Representatives passed an amended version of H.R. 2 on June 21, 2018, and the Senate passed an amended version on June 28, 2018. The House and the Senate are currently working to resolve differences.

TRANSPARENCY PLEDGE

As a Member of the U.S. House of Representatives, I, _____, pledge to
(PRINT NAME)
vote for transparency legislation consistent with the Appropriations Clause of the United States
Constitution (Article 1, Section 9, Clause 7):

**“ NO MONEY SHALL BE DRAWN FROM THE TREASURY, BUT IN CONSEQUENCE
OF APPROPRIATIONS MADE BY LAW; AND A REGULAR STATEMENT AND
ACCOUNT OF THE RECEIPTS AND EXPENDITURES OF ALL PUBLIC MONEY
SHALL BE PUBLISHED FROM TIME TO TIME. ”**

On behalf of all Americans, I endorse transparency of public finances, including expenditures
of the federal government and the authority by which they are made.

ABOUT AMERICAN TRANSPARENCY EVERY DIME. ONLINE. IN REAL TIME.

Today, OpenTheBooks.com is the largest private repository of U.S. public-sector spending. With Honorary Chairman Dr. Tom Coburn, our organization has one ultimate goal: post “every dime, online, in real time.” To date, OpenTheBooks.com has captured 4 billion government-spending records, including 16 million public employee salary and pension records across America; nearly all disclosed federal government spending since 2000; and 47 of 50 state check-books.

OpenTheBooks.com exposed the \$20 million luxury-art procurement program at the Department of Veterans Affairs, which forced a public apology from the V.A. Secretary and the adoption of new rules to stop the abuse (2016). The group found 63,000 highly compensated Illinois public employees earned \$100,000+ costing taxpayers \$10 billion (2017). Recently, OpenTheBooks launched Mapping the Swamp – an interactive mapping platform displaying 2 million federal bureaucrats by employer ZIP code across America.

OpenTheBooks.com is harnessing three powerful forces in the internet age: the power of the Freedom of Information Act (FOIA); the latest in big data technology; and the ability to follow the money using forensic auditing techniques.

The group’s oversight model has led to the assembly of grand juries, indictments, successful prosecutions, congressional briefings and hearings, subpoenas, and Government Accountability Office (GAO) audits, administrative policy changes, federal legislation, and much more.
