Hi Jessie,

I think we have missed your deadline. Your request didn't come to me until today. Please keep my contact information for future reference.

If you decide to do a follow up, please let me know. It may require more research, but if you look up the top 500 paid public employees in Florida, not a single M-DCPS employee made the cut. Keep in mind we have over 40,000 employees. In addition, not sure if you know, but the Superintendent has donated the last year of his salary back to the school system.

Today, 10:30 AM

Hey Jessie,

Thank you. But, I should have been clearer. It should read that the Superintendent has committed to donating the salary for the last year of his contract in 2020.
