Travel Oregon_Wieden+Kennedy current agreement.pdf;

Mr. Andrzejewski,

Thank you for your patience as we gathered the current contract with Wieden and Kennedy, Inc., all exhibits and amendments as requested. We are seeking additional information from Wieden and Kennedy, Inc. as to those sections of the contract (redacted in the attached version) that they identify as potential Trade Secrets conditionally exempt from public disclosure in accordance with Oregon law, *ORS 192.501(2)*.

Rather than ask you to wait further, we want you to get all the information you've asked for that we are certain is not exempt from disclosure under Oregon law. Attached is the current agreement, all exhibits and amendments, inclusive of total aggregate amounts for media, production, retainer and other media campaigns. We appreciate your patience as we gather additional information to determine whether the currently redacted information is a Trade Secret exempt from disclosure. Once we have that information, we will make the Trade Secret determination. If this attached copy of the current agreement, including all exhibits and amendments does not fit your needs, please let us know.
